

NOTICES

Notice No.	20160526-3	Notice Date	26 May 2016
Category	Trading	Segment	Equity
Subject	Mock Trading on Saturday, May 28, 2016 from DR site for Equity segment		
Attachments	Annexure_EQ.zip		

Content

The Exchange has scheduled a mock trading session from its DR site for Equity segment on **Saturday, May 28, 2016**.

Trading members using third party trading platforms can also use this opportunity to test their respective trading application during mock trading session for various functionalities (including exceptional market conditions), viz. various types of call auction sessions, risk-reduction mode, trading halt, block deals, etc.

There shall be no new release of BOLT TWS & IML exe.

Changes in DR Connection Parameters

Trading members shall be required to set the technical connection parameters of the Hyderabad DR site at their end. These parameters are enclosed herewith as Annexure 1.

Trading members connecting to the BOLT Plus trading system using BOLT TWS/IML can change the settings in the configuration setting window. Trading members connecting through ETI shall have to set up the DR connection parameters in their ETI based trading application, as appropriate.

Kindly note that in absence of this setting, trading members will not be able to connect to the trading system. Hence, trading members are requested to configure these settings in their respective trading applications in advance before the mock trading on Saturday, May 28, 2016.

Further, trading members may kindly note that DR site connection parameters provided in Annexure 1 MUST BE RETAINED.

Connecting to DR Site of other Exchange systems

- Trading members can connect to other Exchange web-based systems like RTRMS, ZT, CLASS collateral, Extranet, etc through the weblinks (url) provided in the enclosed Annexure 2 using their existing user id & password.
- To connect the online trade file application, members shall have to change the remote server IP & port settings in the setting.ini file as per the DR connection parameters provided in Annexure 2.
